

WEDNESDAY MAROONED ON SOUTH SEA ISLAND.

Government Sends Relief Expedition to Get Woman and Two Men; Lived Year in Wilds.

(BY CABLE-TELEGRAPH DISPATCH.)
HONOLULU, Jan. 14.—Lying to the south of Honolulu is the Palmyra group of islands, which are under the sovereignty of the United States. There are fifty-two islands and they are so arranged that they are in the shape of a horseshoe. Three of the larger islands each have about fifty acres and the others vary in size down to less than one-half acre in size.

Only a few weeks ago that a young woman and two men were marooned on one of the islands. They were left there by a Japanese ship which was wrecked on the reef. The woman, Mrs. Meng, and the two men, Mr. and Mrs. Meng, were the only survivors of the wreck. They lived on the island for a year, surviving on coconuts and other food that they found.

The rescue expedition was sent out by the U. S. Navy. It consisted of a ship and a landing party. They landed on the island and found the survivors. The woman and the two men were in good health, although they had been living in the wilds for a year. They were taken to the ship and then to Honolulu.

The rescue expedition was a success. The woman and the two men were saved. They were taken to the ship and then to Honolulu. The rescue expedition was a success. The woman and the two men were saved. They were taken to the ship and then to Honolulu.

DURCH JURY HELLMAN BOND SALE SET ASIDE BY STATE COURT.

Disagree After Thirty Hours. Taxpayers Will Save Millions by Decision Holding the Secret Deal Illegal and Void.

Retire for Night Following Reported Deadlock and Plea for Discharge.
The secret sale by the City Council of \$13,500,000 of electric power bonds to Irving H. Hellman at a discount of \$1,535,000 was yesterday set aside as illegal and invalid by the Supreme Court of California. Mayor Crier, Councilman Mushet, chairman of the Council's finance committee, and City Treasurer Powell, who have all opposed the Hellman transaction, declared that the decision is a great victory for the people of Los Angeles and has saved to them a loss of probably \$2,000,000.

The decision means that the City Council must now publicly advertise for bids for the \$13,500,000 of power bonds, and City Treasurer Powell predicted that under open competition the issue will bring par and a premium of probably \$750,000, and that there is a strong possibility that some of the bidders will agree to purchase the bond securities at par and a premium, with the bonds bearing 4 1/2 per cent interest.

Mr. Hellman's offer, which was negotiated by the Public Service Board and privately accepted by eight members of the City Council, called for the bonds to bear 4 per cent interest, but when his discount of \$1,535,000 was taken into consideration the actual interest rate was 4 1/2 per cent. The taxpayers would have had to pay if the Hellman transaction had been declared legal, a loss of \$2,000,000.

A few minutes after the City Council on last August 3 put through, at the urging of members of the Board of Public Service Commissioners, the Hellman deal, taxpayers' suits attacking the legality of the sale were filed in the Superior Court. The case was heard before Superior Court Judge J. Perry Wood, who rendered a decision sustaining the sale. Counsel for the protesting taxpayers immediately appealed to the Supreme Court, which yesterday in San Francisco handed down a decision setting aside Judge Wood's decision and declaring the Hellman transaction invalid.

The decision in the Hellman case is a landmark in the history of the City of Los Angeles. It is the first time that the City Council has been held responsible for its actions. The decision is a great victory for the people of Los Angeles and has saved to them a loss of probably \$2,000,000.

ALL CAUTION SET ASIDE. IX-PREMIER PADEREWSKI TO RETURN TO POLAND.

Famed Pianist Expected to be in His Native Land Prior to Presidential Election.

(EXCLUSIVE DISPATCH.)
NEW YORK, Jan. 14.—With Poland's first Presidential election looming on the horizon, reports are being circulated here and in Washington diplomatic circles that Ignace Paderewski, famous pianist and former Premier of Poland, has been called back to his native country to participate in the Presidential campaign. The reports further state that he has been urged by the national leaders to return to Poland to accept a government post.

Mr. Paderewski, after an absence of three years, returned to America about ten months ago. Since then he has been residing on his home place at Pado, Poland, and has been keeping in touch with the trend of political events in Poland.

The noted pianist at the close of the World War stood out as the strongest political figure in Poland. Since his return to his native land he has been regarded as the most popular man in that country and the strongest candidate for the office of Poland's first President.

The Presidential campaign will take place within the next six months. If Mr. Paderewski returns to Poland he probably will arrive there prior to the election, and those who are closely associated with Polish political affairs assert that he will be one of the candidates.

Poland's new constitution has already been adopted. It provides for a Parliament consisting of a House and a Senate. The members of the Parliament are to be chosen by the Polish people. The President of Poland is to be chosen for a term of seven years by the National Assembly of the House and Senate.

The report, emanating from the Polish capital, is that Mr. Paderewski is expected to return to Poland prior to the Presidential election. The report is being widely circulated in Poland and in the United States.

Hunt Two as Swindlers of Laboring Men.

Police yesterday began a hunt for two men who are alleged to be swindling laboring men. The two men, who are known as 'The Swindlers', are alleged to have swindled laboring men out of large sums of money. The police are working to locate the two men and bring them to justice.

TIED AND ROBBED IN HOME.

Wealthy Butte Merchant, Wife and Friend Bound to Chairs While Thieves Take Money.

Getting entrance to the residence of John Valli, described as a wealthy merchant from Butte, Mont., at 1238 North Mariposa avenue, early last night, four men, thought to be Italian, bound Mr. Valli, his wife and a friend, Peter Targhetta, to chairs and robbed the men of \$1,000. Mr. Valli is spending the winter in Hollywood.

The thieves, according to Mr. Valli, entered the house through the back door. They tied Mr. Valli, his wife, and Peter Targhetta to chairs. They then took \$1,000 from the men. The thieves fled the house without being seen.

The police are working to locate the four men and bring them to justice. The police are also working to locate the money that was stolen from the men.

FORD ATTACKS WEEKS.

Declares War Secretary Is Delaying Settlement of Muscle Shoals Offer; Hits Fertilizer Trust.

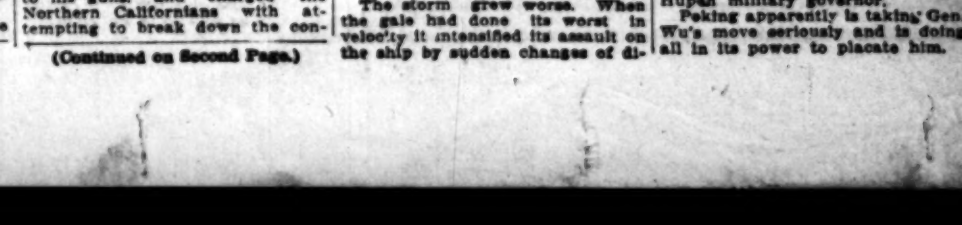

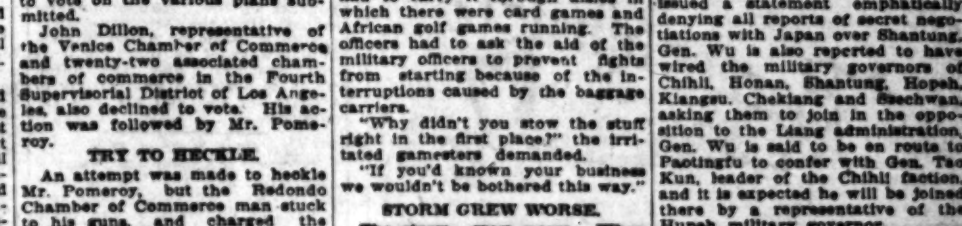

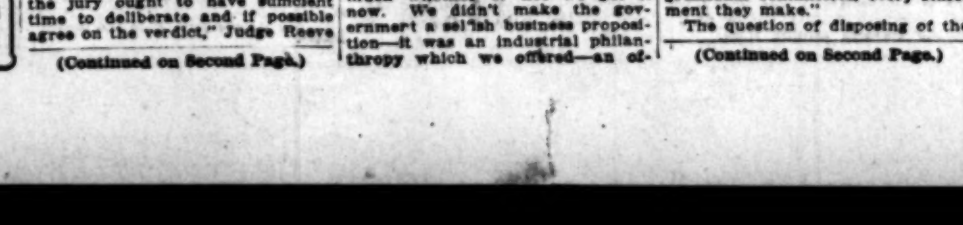

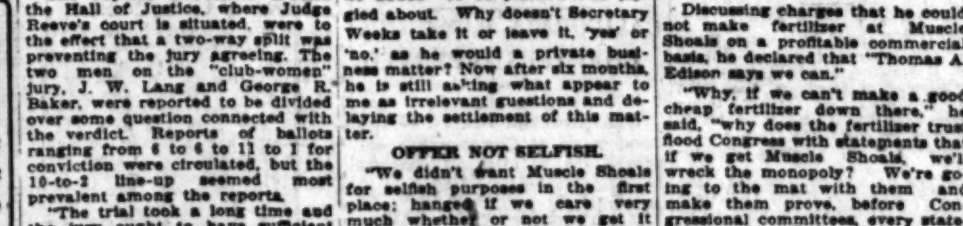

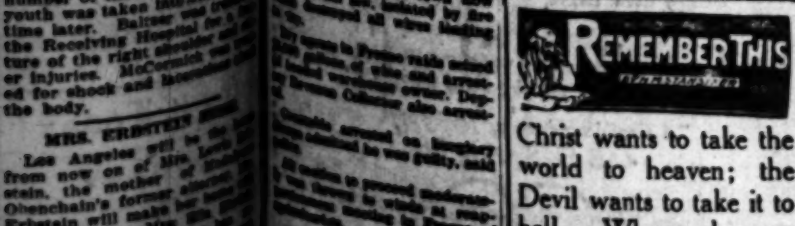

(BY A. P. NIGHT WIRE.)
WASHINGTON, Jan. 14.—Henry Ford in a statement tonight declared Secretary Weeks was apparently delaying settlement of the Muscle Shoals proposition and that "the fertilizer trust, the power and chemical interests of Wall street, the money brokers and other interests that fear to have Muscle Shoals developed along lines that will serve all the people most are delaying Weeks and Congress with literature that grossly misrepresents the facts."

"This is not a political matter," he added "but is a matter of public interest. Why doesn't Secretary Weeks take it or leave it, 'yes' or 'no,' as he would a private business deal? Now after six months he is still asking what appears to me as irrelevant questions and delaying the settlement of this matter."

"We didn't want Muscle Shoals for selfish purposes in the first place; we wanted it for the good of the people. We didn't want the government to take it over and run it as a business. We wanted it for the good of the people."

The statement was made in a letter to the editor of the New York Times. The statement was a response to a letter from Secretary Weeks. The statement was a criticism of Secretary Weeks' handling of the Muscle Shoals proposition.

POINCARÉ MADE PREMIER AND TAKES UP HIS WORK

Talk With Lloyd George Success; Abolition of Supreme Council is Forecast by Action.

(BY CABLE AND ASSOCIATED PRESS.)
PARIS, Jan. 14.—M. Poincaré, who has accepted the Premiership to succeed M. Briand, engaged in a lengthy conversation today with the British Premier. What conclusion was reached is not known, but M. Poincaré in a statement declared that "international questions henceforth will be settled, as heretofore, through ambassadors."

This, in the expressed opinion of the Premier, would mean the virtual disappearance of the Supreme Council. Although he added "there must be one final meeting" and "I have good reasons to believe it will go far as Great Britain is concerned." He thought there had been too many meetings of the Supreme Council and he desired a return to the old-fashioned way of dealing.

FRANCE PLEASANT.
The conference turned out to be quite a success for the new Premier, according to the French view, as he apparently convinced Mr. Lloyd George that it would be unwise to continue with an international council, and by himself to deal with international questions. In consequence, M. Briand's visit to the British Embassy was merely a social function, which was not a brief informal talk with the British Premier. Mr. Lloyd George did not meet the Germans.

The British Premier came here with realization of the policy of a moratorium, for Germany tentatively granted by the Reparations Commission, but met with strong opposition from M. Poincaré, who argued that Germany had not paid the limit of her capacity and that some means must be found for lightening France's burden.

The conclusion in Belgian circles, which had rallied to the British and Italian views, is that France stands alone on the reparations problem.

DO NOT SEE PRESIDENT.
Mr. Lloyd George had notified M. Poincaré that he would like to call on President Millerand, but the latter had an engagement and suggested a dinner which was at the time when the Premier was conferring with M. Poincaré. It was said by the British designation that Mr. Lloyd George did not call at M. Poincaré's, as custom requires an invitation.

The official explanation was that the protocol provides for visits from the heads of foreign states only on invitation.

British circles do not conceal their disappointment over the failure of Mr. Lloyd George to meet President Millerand. However, he received Premier Theunis and Foreign Minister Janssens of Belgium, and also Mr. De Lathauwer, Minister of Finance in the Poincaré Cabinet, concerning the Central International Corporation, officially adopted by the Cannes conference, to which M. Poincaré is said to agree.

The Belgian and German delegations were anxious to hear the result of the Lloyd George-Poincaré conference.

Only at the Barnes Music Company Can You See, Hear and Purchase

The World-Renowned
Hallet & Davis

New Style "A"
4 foot 4 inches in height
Price \$560

One of America's Oldest and Best Pianos. Won 139 Gold Medals and Competitive Awards Since 1839

A good piano—the Hallet & Davis piano is a good investment—and reflects the good judgment of an hundred thousand people—many artists, both here and abroad—who have bought, used and endorsed this fine old instrument.

RESCUE BRIDE FROM ISLAND.

Newlyweds Marooned for
Year in South Seas.

Government Sends Ship to
Tiny Atoll.

Two Men and Woman Spent
Year Away from Kind.

(Continued from First Page.)

The steamship turned and put in toward shore.

Mrs. Meng and her husband climbed the small boat that they used to get around the island, and they made for the open sea to meet the incoming vessel. The billows piled high outside the reef, but finally they worked around to the lee of the steamship, which had to wait a while before it could get to the shore.

A rope ladder was let down and Mrs. Meng, barefooted and wearing a pair of khaki trousers, mounted to the raft, where friendly hands grabbed her and lifted her on deck. Until then the officers and crew supposed she was a man. They were astonished when she revealed the story of the food shortage.

Mrs. Meng told the first officer that she wanted to see the captain. She was conducted to the bridge and there met the skipper to whom she related the story of the food shortage.

GETS FOOD SUPPLY.
In a few minutes the little boat was piled high with foodstuffs from the larger of the steamship.

"I have no money," said Mrs. Meng to the captain, "but I will write you a check on the Honolulu bank where we have funds."

"There is no charge for the goods," was the reply. It is the usual practice of the navy to take the necessities of life from the islanders, and to take the necessities of life from the islanders, and to take the necessities of life from the islanders.

As a result of the attention which had been recently attracted to the tiny island, the United States Navy Department is investigating the practicability of establishing a midway point station there, as a midway point station there, as a midway point station there.

IRISH TREATY IS RATIFIED.

Nation Government Exits for First Time in More
Than Hundred Years, and is First Popular One.

(BY CABLE-EXCLUSIVE DISPATCH.)
DUBLIN, Jan. 14.—For the first time in 123 years a native Irish government legally exists and for the first time in history Ireland has a popular government, for the old Irish Parliament, which was abolished by the act of union, was not representative, according to the modern idea. In fifty minutes this morning the members of the Irish Parliament ratified the treaty which the Dail had debated on for nearly a month and appointed a provisional government, which is now from the outside who are not members of the Dail of the southern parliament. It is likely that we may see help from southern Unionists at home for which they are best qualified. We have the largest team before us and we have to get on with the work."

Later this afternoon Lord Fitzalan, the Viceroy of Ireland, went to Dublin Castle expecting to hand over immediately the control of the British Isles to the provisional government, but on his arrival he learned that no arrangements had been made. Then later a record of the morning's proceedings was signed by the provisional government, as required by the treaty, and sent by messenger to the Mansion House and handed to an undersecretary, who transmitted it to Lord Fitzalan. This makes it almost certain that the handing over of control to the Irish will take place on Monday.

The proceedings today were purely formal.

One list of act of courtesy by the Trinity College men won them a round of applause. The formal proceedings were in the Irish law courts, where the roll was called. The roll was called in Irish "Anso" when Trinity's turn came. Sir James Craig, who was called first, answered "present," but the others answered in Irish. This was a greater concession than appears on the face of the matter. It was regarded as the center of British influence in Ireland. This was almost a formal assumption of Irish nationality, but with the symbol of the new feeling in the union.

One of the first jobs of the provisional government is to secure the release of the Irish prisoners convicted of offenses in England, who are not included in the King's amnesty order. Mr. Collins said that he was sending a man to London tomorrow night to demand the release of these men, of whom there are between 100 and 150. The man probably will be Desmond Fitzgerald. It is felt here that a refusal to release them will be a breach of the spirit of the treaty, but there is little doubt that they will be held when the effect of continued detention is pointed out.

**RULING OF
JUDGE HIT
BY OREGON**

Action of New York Court
Recognizes Fraud, View of
Mexican Chief.

(BY A. P. MONT WIRE.)
MEXICO CITY, Jan. 14.—The ruling of Supreme Justice Donnelly at New York that the Mexican government has no standing in New York courts was characterized as an "injustice" which recognizes fraud and the obtaining of money under false pretenses," by President Obregon today when he met newspaper men. He declared that the ruling was a "disgrace" to the Mexican government.

Standard Merchandise
Reasonably Priced

Since the first store was started, many have been to conduct only Commercial Jewelry Store in other words, stores carrying only standard merchandise, bought at the lowest possible prices and sold for the lowest possible prices. Suppose you were to come in our store and see the stock over very carefully. You would see no high-priced, unneeded merchandise, but thousands of dollars in capital and wide variety of the overheard—you would see some of the specialties of the moment that are destined to be distinctly popular tomorrow and most of them up or be thrown away. No, you would see some of this kind of merchandise, but you would see a wonderful stock of standard, reliable merchandise, jewelry, watches, clocks, and many other things that are destined to be distinctly popular tomorrow and most of them up or be thrown away. No, you would see some of this kind of merchandise, but you would see a wonderful stock of standard, reliable merchandise, jewelry, watches, clocks, and many other things that are destined to be distinctly popular tomorrow and most of them up or be thrown away. No, you would see some of this kind of merchandise, but you would see a wonderful stock of standard, reliable merchandise, jewelry, watches, clocks, and many other things that are destined to be distinctly popular tomorrow and most of them up or be thrown away. No, you would see some of this kind of merchandise, but you would see a wonderful stock of standard, reliable merchandise, jewelry, watches, clocks, and many other things that are destined to be distinctly popular tomorrow and most of them up or be thrown away. SECRET BOND SALE ILLEGAL.

Supreme Court Sets Aside Hellman Deal.

Taxpayers Save Millions by Justices' Ruling.

Power Securities Now to be Offered Openly.

(Continued from First Page.)

...penter, counsel representing the protesting taxpayers in their arguments before Judge Wood, and was also the contention of Councilman Muehler, who alone of the nine members of the City Council voted against the acceptance of the Hellman offer, and has fought the entire transaction since it was proposed at a secret meeting of members of the City Council held on August 3.

MAYOR IS PLEASED.

Mayor Cryer, who has refused to sign the power bonds, until the courts had ruled on the legality of the Hellman transaction, said yesterday: "I am delighted that the Supreme Court's decision is in favor of the taxpayers. The bonds can now be sold, as they should have been, under open bidding, and the taxpayers will be saved a tremendous loss."

The eight members of the City Council who voted to accept the deal, but not the Mayor's signature or approval, and the Mayor took no part in the deal. He has consistently opposed it and expressed the hope that it would be set aside.

Councilman Muehler's comment, when he learned of the decision was, "I am delighted. You know the saying: 'He laughs best who laughs last.'"

POWELL SATISFIED.

City Treasurer Powell said: "To say that I am pleased hardly expresses my feeling at the Supreme Court's decision. The Council committed a grave error in selling the electric bonds to Mr. Hellman in the manner that they did and under the conditions that they did. The power bonds are now being sold under open bidding, and this will bring, I predict, par and a most attractive premium, and this means a profit of the taxpayers as contrasted with the tremendous loss which the people would have suffered if the Hellman deal had gone through."

City Treasurer Powell was not consulted by the eight members of the City Council when the Hellman deal was made, and he has stated many times that he would have none of it. He has also stated that he has been consulted by the eight members of the City Council when the Hellman deal was made, and he has stated many times that he would have none of it.

FAVORS TAXPAYERS.

Attorney Ingle Carpenter, of counsel for the protesting taxpayers who fought the Hellman deal, said: "This decision, while it officially reads against the city of Los Angeles, is only against those officials of the city who made the serious mistake of selling the power bonds below par, and in reality is in favor of the taxpayers and voters of Los Angeles."

W. C. Matthews, special counsel of the Board of Public Service Commissioners, who contended that the Hellman deal was legal, and so argued before Judge Wood in opposing the protesting taxpayers' application for an injunction to prevent the carrying out of the Hellman transaction, said: "The city will not appeal the case. At the time the power bonds were sold, they could not have been sold at par on account of unfavorable market conditions. The bond market is now in a better condition, and there is no reason why the bonds cannot now be sold at par, and the money made available to the city can take over the Edison distributing lines by March 1."

CASE AGAINST CITY.

The case decided yesterday by the Supreme Court was that of Hubert Perry and H. W. Anderson against the city of Los Angeles to restrain the city authorities from disposing of the electric power bonds under the Hellman deal. In reversing the decision of Judge Wood, the Supreme Court stated: "It is not intended by anything in this opinion to suggest any actual fraudulent intent on the part of the officials of the city of Los Angeles in seeking to take advantage of the terms of the statute of 1921, by disposing of these bonds at less than par value. Nevertheless, to do so either with or without the sanction of said act would be to accomplish a purpose directly violative of one of the essential conditions upon which the approval by the electors of the city was obtained for the issuance of the bonds, and in that sense a fraud would be wrought by permitting that condition to be violated by sale of the bonds below par."

"For this reason we are constrained to hold that the action attempted to be conferred upon the city of Los Angeles to dispose of the bonds for less than their par value is invalid and that plaintiffs and intervenors are entitled to an injunction."

SHAW'S OPINION.

In concurring with this opinion Chief Justice Shaw adds the following: "The vote of the people by which the city was authorized to sell the bonds at a price not less than par constituted a material part of the contract evidenced by the bonds. It had no authority to make the promise to issue the bonds except such as it obtained by this vote and that authority was conditioned that the buyer of the bonds should pay to the city at least the par value as the consideration thereof. The real payers of the bonds are the people who pay taxes levied to raise funds for that purpose. This being so it necessarily follows that the sale of the bonds for less than their par value, purporting to authorize a disregard thereof would, if valid, impair a material portion of the contractual obligation."

COUNCIL MORE CAREFUL.

As a result of the widespread indignation of the people of Los Angeles over the Hellman transaction the City Council has been very careful to sell all other bonds since the Hellman deal went through, under open bidding, giving the widest publicity to the dates on which sealed bids for the same would be received and opened.

THE WORLD'S NEWS IN SPANISH

For the benefit of the many Spanish-speaking friends of The Times and the many students of that tongue in Los Angeles, The Times presents herewith a digest of the most important news of the day in Spanish. A working knowledge of correct everyday Spanish is an asset of immense value, especially in the Southwest, as is indicated by the fact that public and private Spanish instructors have more than 15,000 pupils in Los Angeles alone.

Para beneficio de los muchos amigos de habla castellana que tiene el Times, así como también para ayudar a los estudiantes de esta idioma en Los Angeles, el Times tiene el gusto de ofrecerles una serie de noticias importantes de última hora, en español. El conocimiento de este idioma, expuesto en una forma sencilla, usando frases de uso diario, es de gran valor, especialmente para los residentes del suroeste del Estado. En esta ciudad actualmente hay más de 15,000 personas que se dedican al estudio de la lengua española.

NOTAS TELEGRAFICAS

La Argentina Compra Polvora Americana.

BUENOS AIRES, enero 14.—Una compañía americana acaba de obtener un contrato para suministrar al Departamento de Guerra de la Argentina, con un millón de pesos de polvora sin humo. Esta es la primera vez que el gobierno de la República Argentina ha dado un contrato de esta magnitud, por implementos de guerra, a firmas americanas. En todas las guerras siempre habían sido dadas a casas alemanas. El mencionado gobierno, mandará uno de sus barcos a Hampton Roads, para que cargue la pólvora y la lleve a su destino.

Paseos Para Atender las Carreras de Caballos en México.

CIUDAD DE MEXICO, enero 14.—El secretario de Relaciones Exteriores ha ordenado a los señores Cónsules, en las ciudades de la frontera, que expidan pasaportes de necesidad urgente a las personas que deseen venir a las carreras de caballos en esta ciudad. Los pasaportes serán válidos por todo el tiempo que esas personas que deseen solicitar permanencia en la ciudad.

Se han recibido noticias de Bruselas que una comisión bien vendrá a México para estudiar las condiciones del país, con el objeto de engrandecer las relaciones comerciales entre los dos países.

El Sr. Director General de Correos Presentó su Renuncia.

WASHINGTON, enero 14.—El Director General de Correos, Sr. Will H. Hays, hoy presentó su renuncia como miembro del Gabinete del Sr. Harding, para aceptar el puesto de director de una compañía de cinematografía, donde su sueldo anual será de \$110,000. Se dijo que fue anunciado hoy, por el Sr. Presidente Harding. El anuncio de la Casa Blanca fue confirmado después, por el mismo Sr. Hays. Aun no se dice la fecha en la cual se hará efectiva la renuncia, y el Sr. Presidente, rehusó el discutir quien será el sucesor del Sr. Hays. El Sr. Walter J. Yarrow irá a México.

SAN FRANCISCO, enero 14.—El Sr. Walter J. Yarrow, que fue quien dirigió la huelga de todos los trabajadores de la Universidad de California durante el año pasado, manifestó hoy, que ha sido escogido por el gobernador del Estado, para que desarrolle las posibilidades petroleras en cuatro estados de la República. Según él, el gobierno le ha asignado la cantidad de \$7,000,000 para estos trabajos. Con esta capital, dice el Sr. Yarrow, él levantará campos petroleros para los trabajadores, los que no tendrán sobre bases de jornales regulares, y de acuerdo a los planes especiales, que quiere decir que más tarde los mismos trabajadores participarán de las utilidades.

NOTAS LOCALES.

Una Venta Secreta que se Considera Nula.

La venta secreta llevada a cabo por el Ayuntamiento de la ciudad de Los Angeles, en la cual se vendió por valor de \$13,500, los bonds cannot now be sold at par, and the money made available to the city can take over the Edison distributing lines by March 1."

CASE AGAINST CITY.

The case decided yesterday by the Supreme Court was that of Hubert Perry and H. W. Anderson against the city of Los Angeles to restrain the city authorities from disposing of the electric power bonds under the Hellman deal. In reversing the decision of Judge Wood, the Supreme Court stated: "It is not intended by anything in this opinion to suggest any actual fraudulent intent on the part of the officials of the city of Los Angeles in seeking to take advantage of the terms of the statute of 1921, by disposing of these bonds at less than par value. NEW CABINET IS SELECTED.

Poincaré, Made Premier of France, Fills Posts.

Viviani Refuses to Accept Justice Portfolio.

Men of Little Experience Cause of Comment.

(BY CABLE AND TELETYPE FROM PARIS, Jan. 15.—After a conference with M. Barthou and other supporters that lasted until midnight, M. Poincaré, the new Premier of France, announced definitely the appointment of the following Cabinet:

Premier and Minister of Foreign Affairs—M. Poincaré.
Justice—M. Lorrain.
Interior—M. Maunoury.
Finance—Charles de Lasteyrie.
War and Pensions—Andre Maginot.
Marine—M. Esbèze.
Agriculture—Adolphe Chéron.
Labor—Alexandre Berard.
Instruction—Leon Berard.
Colonies—Albert Sarraut.
Public Works—M. Lefranc.
Commerce—Lucien Dior.
Liberated Regions—M. Reibel.
The first meeting will be held tomorrow.

VIVIANI REFUSES.

Poincaré asked former Premier Rene Viviani to accept the post of Minister of Justice, with the vice-presidency of the Council, but Viviani refused. It was officially announced this afternoon. It was also announced that Andre Tardieu, former French high commissioner to the United States, and lieutenant of Clemenceau during the peace negotiations, had been asked to take the Ministry of Liberated Regions, but declined.

M. Viviani, while expressing sympathy with M. Poincaré, it was stated, explained that he preferred to continue his work as France's representative in the League of Nations.

M. Doumergue, president of the Naval Committee of the Senate, refused the portfolio of Minister of Marine.

TO HAVE OWN WAY.

The fact that M. Poincaré offered three of the most important portfolios after foreign affairs which he takes for himself, to men of little experience in political affairs, is regarded as significant that he intends to have his own way so far as French policy is concerned.

DEPORTES.

Boston.

George Tunney es el nuevo campeón de 154 libras de los Estados Unidos. Habiendo ganado el título el último viernes en la ciudad de Nueva York, Tunney duró 12 rounds en Nueva York contra Battling Levinsky. Tunney fue el agresor durante todo el encuentro.

Palo Alto.

La estación de polo en California será inaugurada en Del Monte el día 25 del corriente mes. Se hacen preparativos para la inauguración cada tercer día hasta el mes de febrero próximo.

Goleta.

El team del sur, de jugadores profesionales de golf, venció al team del norte, en el juego del sábado en la tarde por una margen de tres puntos, en el Country Club de Wilshire.

Carreteras a Rio.

Los camiones del Colegio Occidental ganaron la carrera efectuada en de los campos. Pomona terminó en segundo lugar y la Universidad de California en tercer lugar.

Under the plan the city has sold one block of 17 bonds amounting to \$1,200,000, a second block of harbor bonds amounting to \$1,600,000, and in both cases there were many bids and both blocks of bonds brought par and substantial premiums which had the effect of reducing the interest rate below 5 per cent.

The City Council will open bids at 10:30 a.m. next Tuesday for \$500,000 of public library bonds, and City Clerk Douglas has sent notices broadcast to more than 100 banks, investment and bond houses inviting bids on these securities. It is predicted that the library bonds will bring par and a large premium.

Beauty Lectures.

Beauty Lectures, world-famous authority on beauty, will give a free lecture to the ladies of Long Beach in the Terry Apartments, Amusement Hall, 424 East Ocean ave., on Monday evening January 16, at 8 o'clock, and will demonstrate with living models. This free lecture will be to the interest of men also.—[Advertisement.]

STEINWAY
THE INSTRUMENT OF THE IMMORTALS

The Steinway is the piano on which Paderewski and the piano on which Hofmann and Rachmaninoff are playing their way to immortality today. The Steinway is the piano over whose keyboard Richard Wagner dreamed his visions and enriched the world. It is the Voice with which Liszt, Goddard, Rubinstein and their immortal fellows spoke to mankind. From the day of its coming the Steinway Piano has been the chosen instrument of the masters and the lovers of great music.

The presence of a Steinway Piano in your home places the stamp of approval on your musical appreciation. The Steinway may be found only at the Birkel Co. The upright models are priced from \$225, the grands from \$450. They may be purchased on liberal terms. Your old instrument will be accepted in exchange for a new Steinway at a fair valuation.

RECOVERS CAUSE OF FALLING HAIR
Specialist Says Cause of Baldness Due to Alopecia Pyridosis.
John H. Austin, over 40 years a hair specialist, says that the cause of baldness is often mistaken for "dandruff".
Austin starts with a study of the scalp, sometimes using a microscope. He usually finds that the top of the head is covered with a greasy, yellowish-white film, or crust, which is the cause of the falling hair.
This stage lasts from two to three weeks, after which the hair begins to fall out. It is hardly noticeable at first, but as the process continues, the balding becomes more pronounced.
Austin has found that only one remedy is effective in curing this condition. It is a microscopic examination of the scalp, which reveals the exact trouble with the hair and scalp. The treatment is a special preparation, which is applied to the scalp and causes the hair to grow again.

DRY AGENTS IN FRESNO RAIDS.
Warehouse Owner, Revenue Collector Arrested.
Fifteen Thousand Gallons of Wine Seized.
Fake Whisky Labels Also Are Confiscated.
FRESNO, Jan. 12.—Frank Stephenson, owner of the Golden State Winery, a government bonded warehouse, was arrested here today by State and local prohibition enforcement agents, on charges of violating the national prohibition law by the sale and possession of intoxicating liquor, for the maintenance of a saloon and for falsification of government records, according to T. J. Neeley, local dry officer. Fifteen thousand gallons of wine stored in the warehouse were taken into possession by the prohibition agents.
The Golden State Winery is situated on the Stephenson ranch, a half-mile west of the local schoolhouse, and was burglarized a little over a year ago by a number of gangsters. Charges of burglary were placed against several and convictions were obtained. The wine in storage at the Golden State Winery is worth \$25,000 at a minimum valuation, according to the prohibition officers.
According to statements by Federal agents, a scheme to evade the prohibition law and delude the buyer of illicit liquor by selling moonshine whisky under fake labels was uncovered here last night with the arrest of George Spratt, deputy collector of internal revenue for this district, by E. Forrest Mitchell, head of the California dry forces, acting in co-operation with T. J. Neeley, Federal prohibition enforcement agent for this district.
In Spratt's home, which was raided last night by Mitchell, Neeley and a large squad of deputies, dozens of bottles containing hundreds of faked labels for whisky and gin, and revenue stamps were found, as well as scores of bottles of liquor, stamped and labeled genuine whisky.
According to the Federal officers, Spratt had been selling "jackass brandy" at \$35 a quart bottle. While the officers were at the home, automobiles containing twenty-two cases of whisky arrived from San Francisco and were confiscated with their contents.

SHIP LINE IS PLANNED BY MEXICO.
Latins to Operate Boats from Local Port to West Coast and Gulf Cities.
Keen competition in the shipping trade between points on the Pacific Coast and Mexican west coast and Gulf ports, backed by the Mexican government, was announced yesterday by the announcement that John McLaughlin has been appointed new agent for the Mexican mail line, which is to be operated by the Mexican Shipping Board.
Thirty vessels, flying the Mexican flag and sponsored by the Overseas administration, are to be put into the freight and passenger services between Pacific and Gulf ports and Atlantic and Gulf ports, Mr. McLaughlin stated. Twenty vessels are now being operated by the Mexican Shipping Board, he said, and the big steamer Mexico, due to sail from Los Angeles Harbor on the 18th inst., will be the first of the ships bound south from here.
Three combination passenger and freight liners are now being built at Hamburg, Germany, for Mexico, and are to cost 1,000,000 pesos each, he said. In addition to these, three Glasow-built ships are now being negotiated for in Scotland by Col. Jacinto Lazaro, head of a special commission appointed by President Obregon. These vessels will be of 1,000 net tons each, he said.
The new service will be in competition with American and British interests and Mr. McLaughlin expressed the opinion that the Mexican vessels will have no trouble in picking up all the cargo and passengers necessary to a successful operation of the service.
The Mexico called yesterday for San Francisco and is scheduled to return here in time to sail south on the 15th inst. She will be followed at regular intervals by the Washington, Bolivar, Rontia and other ships of the Mexican merchant marine, Mr. McLaughlin explained.
The new marine policy of the Mexican government, he said, is to be limited up by President Obregon with the newly-adapted policy of encouraging and stimulating architecture and manufacturing in Mexico by the establishment of departments at Mexico City.

REALTY MAN DIES.
Funeral For Coraden E. Bennett to be Conducted Tuesday.
Coraden Bennett, aged 70 years, well-known real estate dealer, died yesterday morning at his home, 1622 West Pico street. Funeral services will be conducted next Tuesday at 10:30 a.m. in the undertaking rooms of Peck and Chase, by Rev. J. M. Schaefer. Burial will be at Rosehill. Mr. Bennett, who was born in Right Township, Mich., came to Los Angeles twenty years ago and had been living at his late residence for the last seventeen years. He leaves a widow.

TO CONDUCT FUNERAL FOR DR. STREET TODAY
Funeral services for S. B. Street, D.D.S., whose offices were in the Baker-Detweiler Building, will be conducted today at 2 p.m. at the Gates, Crane and Earl chapel, 1734 Highland avenue, Hollywood.
Dr. Street died last Thursday after a brief illness. His son Edward was in Texas on a business trip and was notified by telegram. He arrived here last night. Dr. Street leaves a widow, his son and two daughters, Opal and Suzanne.

PLAN NEW SCHEDULES FOR FLEET.
Cruising is Eliminated from Warships' Program for Next Six Months.
Radical changes in the Pacific Fleet's maneuver schedule for the first six months of the present year have been made necessary, it was said yesterday by Admiral Eberle, commander-in-chief, by the veto of the proposed maneuvers of Panama. Two new schedules have been submitted by Admiral Eberle and he expected that the department will approve one within a few days.
Because of the fuel economy program neither of the new schedules contains provisions for cruising by the ships, the admiral said. He has suggested to the department that the war ships be sent, one or two at a time, to the Mare Island yard for machinery overhaul, he said.
With the completion of the work on the Texas, now at Puget Sound, every ship of the fleet will have had its winter dry-docking, and several of the ships underwent overhaul this winter. Machinery overhaul in the navy can ordinarily be performed by the force on each ship, he explained, but because of the lack of protection in the open sea of Long Beach the ships anchored there dare not put their engines out of commission long enough for the work, he said.
The admiral explained that on some days when there are heavy seas all the ships bring in the open anchorage not protected by the breakwater are obliged to keep up steam to maintain headway in the event of an emergency. This had machinery overhaul at the base impossible, he declared.
Admiral Eberle again praised Los Angeles Harbor yesterday as the coming great port of the Pacific, both from a shipping and military standpoint. He urged that the outer harbor be dredged to a depth sufficient to permit of the anchorage of a larger number of warships inside the breakwater.

POTATO MEN PLAN WAR ON EEL-WORM.
GROWERS OF STATE TO MEET AT STOCKTON TO FRAME ANTIPEST PROGRAM.
Dr. George P. Clements of the agricultural department of the Chamber of Commerce will leave early in the week for Stockton to attend a meeting of the potato growers of the State called to discuss plans to exterminate the nematode or eel-worm, a species of potato bug.
The coming meeting is an outgrowth of the recent conference of agriculturists at Sacramento, presided over by Director Meeker of the State Department of Agriculture, at which potato growers of Southern California were represented by Thomas Lambert and R. D. Mcweeney of El Monte.
While potato raisers are said to be the chief sufferers from the eel-worm, the insect attacks other tubercular vegetables, according to records of the farmers which are in possession of the State Department of Agriculture. The spread of the pest, which is believed to have originated in Europe and to have been introduced into this country in seed imported by Japanese gardeners, has been rapid within the past year.

GIVES NEW THEORIES AT MURDER HEARING.
COURT STATES THREE WAYS WHICH WOMAN COULD HAVE MET DEATH.
Bringing out new elements of the case of Charles Lopez, accused of the murder of Mrs. Pearl Tabor Lund, which might indicate that the youth was not responsible for the woman's death, Justice Hinchshaw, who is hearing the case, stated yesterday three theories of the case. The hearing was continued until tomorrow.
The court gave the following theories:
(1) That Mrs. Lund was thrown from an automobile and received her injuries in that manner.
(2) That on her own accord she left Lopez's car and later was run down by another car.
(3) That she was thrown from the car of Lopez and left unconscious from the fall and later, run over by another automobile.
Stella Hulbert, who found the young woman on the edge of Elysian Park, testified that the blood near her body was dry, while Police Officer Porter, who has been taken to the Receiving Hospital, stated the blood was flowing into a gutter when he arrived.
Dep. Dist. Atty. McDaniel is prosecuting the case and John L. Richardson is defense attorney.

Better Feet to be the Style

The old ideas of shoe fitting and shoe making have been scrapped—Science takes a hand for better shoes—All normal feet have 3 different shapes—Inflared, Straight and Outflare. One of these shapes is your foot. The "Tru-pe-dic" shoe is made in these 3 shapes. One of these 3 shapes of shoe is your shoe—positively. This real anatomical shoe—without the freak shoe look—permanently settles your shoe problem—"Tru-pe-dic," with their exclusive features, make the comfort, fit and good wear of your shoe a certainty—it establishes a new era in shoe fitting and shoe making. The American Posture League, a nationally known health organization, endorses the Tru-pe-dic shoe only—The League's official label will be found in every pair—Let us fit you—You will never need, or ever want, any other shoe.

YOUTH SWATS NORTH IN PROFESSIONAL CONTEST.

Local Golfers in Ninth Inning Rally
Lead Up-State Athletes to the
Tape by Three Points.

BY PAUL LOWRY.

Three points were the south's margin of superiority in the professional golfers' team match with the north at the Wilshire club yesterday. These were brought in in the gloaming by the Ernest Martin-J. Wilson combination, which led the daylights out of the Eddie Traube-Bert Wilde aggregation just as the daylight was vanishing.

This stunt of the South kicked the North is an annual rite that still persists in spite of the noble efforts of the up-state athletes to upset the dope. And even then, the South competed without the services of one of its best players—Eddie Loos, ranked as number one man on the team.

Chick Fraser took Loos's place and acquitted himself very creditably against MacDonald Smith, winning one up and ratching another point for the south by his victory. Fraser's birdie three on the seventeenth and par four on the eighteenth turned the tide. John Egan, however, in the North's first point, defeating Hutt Martin 3 and 2.

UNCERTAIN LEAD.

From then on the lead fluctuated like the price of butter. The South would lead for a few minutes and then the North would hop to the front.

With the Martin-Wilson and Traube-Wilde teams to be heard from points stood ten all, and there was quite a celebration when the valiant southerners brought in the tallies that suited their honors away for the sun-kissed South.

There were several brilliant bits of golf recorded during the course of the afternoon's pastime, one of which being the time when Walter Devereux on the fourth hole, for seventeen holes Ed Gayer, who trimmed Bob Black 3 and 2 had evened it, but needed an otherwise good record by playing up on one hole.

THIS MORNING.

The amateur-professional fun starts this morning and the battle for the State open championship tomorrow morning. The amateur and pro will tee off at five-minute intervals today, starting at 9 o'clock.

Following are the results of yesterday's team play:
John Black (North) defeated Sam Smith (South) 1 up. South won.
Eddie Loos (North) defeated MacDonald Smith (South) 1 up. South won.
Chick Fraser (North) defeated Eddie Loos (South) 1 up. South won.
John Egan (North) defeated Hutt Martin (South) 3 and 2. North won.
Ernest Martin (North) defeated J. Wilson (South) 1 up. North won.
Bert Wilde (North) defeated Eddie Traube (South) 1 up. North won.
The team match stands 3 points to 2 in favor of the South.

The drawings for the championship medal play tomorrow are as follows:
John Black and MacDonald Smith.
Eddie Loos and Chick Fraser.
John Egan and Hutt Martin.
Ernest Martin and J. Wilson.
Bert Wilde and Eddie Traube.
The match will be played at the Wilshire club.

ONE SEASON IN MILLION.
Cinder Pushers Scatter Track Records Around This Year Like They Did in 1921.
Last year's track season was one in a million. Not only were world records smashed recklessly all over the United States, but high school athletes in our immediate neighborhood chalked up an array of marks that are likely to last for some time. The approaching track and field season can't be expected to furnish the thrills to the fans that were handed out so generously last year, and it looks like a poky season all around.

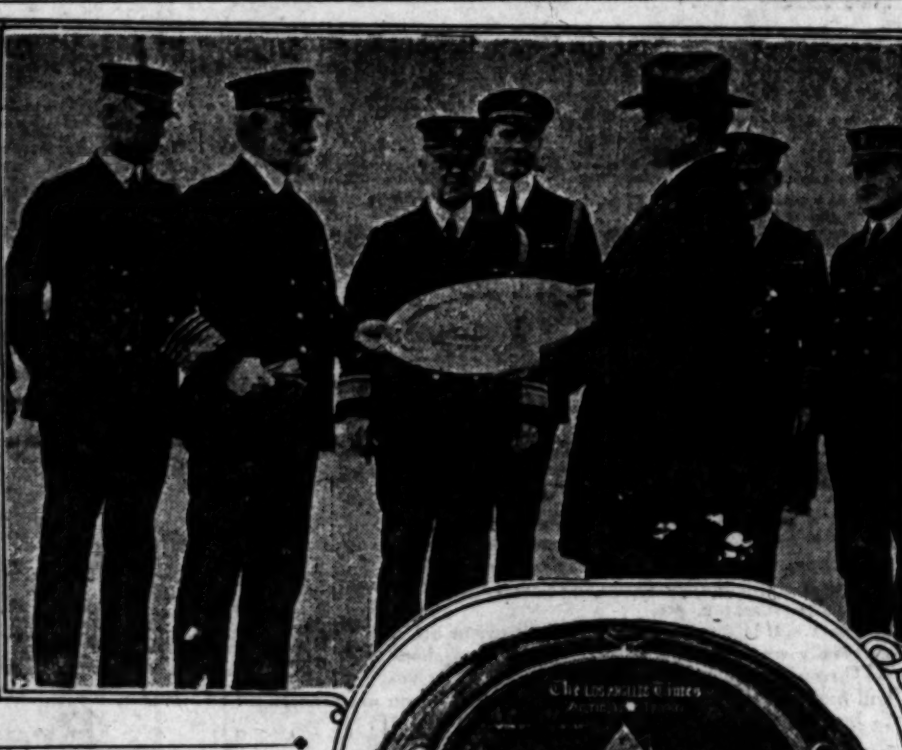

Take the case of our sun-kissed Southern California product, Charlie Paddock. Sir Charles at the pinnacle of his career, busted no less than ten honored and respected world records during the season, and won for himself the distinction of being the greatest sprinter of all time. Now unless Paddock does the practically impossible, he won't touch his performance of last spring and summer. One reason is because there aren't enough records left for him to take a crack at, and it is the general opinion among the wise birds that he was at his best in 1921.

WHAT A JUMP.
Four relay records were bettered at Paddock Field during the A. A. U. national championships, all going to a stern team, and Gordin of Harvard started the

MIDWICK FOUR WINS.
RIVERIDE, Jan. 14.—The Midwick four defeated the Riverside racing and polo club team 15 to 3 on the last six-chucker game on the 'hemawa Park field this afternoon. The Superior team and the Pasadena horsemans accounted for the one-sided score. The Riverside team, just recently reorganized, gives promise on the other hand of developing into a fair and effective organization, their individual work being excellent.

CROP NOT GOOD.
The present crop of track and field athletes in the City League seems to be ample assurance that no City League records will change hands, and only a few track men in the south show signs of excellence to the extent of winning State honors.

So the wholesale murder of records that was in vogue last season isn't likely to be duplicated, and the track enthusiasts might as well resign themselves to a calm and peaceful season.

TIJUANA RESULTS.

(EXCLUSIVE DISPATCH.)

SAN DIEGO, Jan. 14.—Only one favorite managed to go over at Tijuana today. Don Dodge, rewarding the faith of his backers by taking the sixth race, at a mile and 70 yards, all enough pushed to the limit by Audrey K. Outsiders fast got into the money, and in most instances landed in the groove. Doctor Doolittle, in the first race, paying next to the record price of the season, floated in the fourth and Neppherin in the second.

Rancourt, strongly played in the opener, finished outside the money, and Tiltotson, another hot one, just managed to show in the final event.

First race, six furlongs—Don Dodge won. Second race, one mile—Audrey K. won. Third race, one mile—Doctor Doolittle won. Fourth race, one mile—Neppherin won. Fifth race, one mile—Tiltotson won. Sixth race, one mile—Don Dodge won.

AL LEFEVRE TOUTED AS A GREAT FIELDER.

SAN FRANCISCO, Jan. 14.—Al Lefevre, a shortstop turned over to the San Francisco club of the Pacific Coast League by the New York Giants, is a wonderful fielder and fast on the bases. According to a telegram received here from Jack Miller, San Francisco manager, who is in the East.

OIL PAINTINGS UP AS SHOOT PRIZES.

A. W. Bruner, president of the Vernon Gun Club announces that the three oil paintings placed up for competition this morning in a special shoot will be the home trophies. The rules of the shoot will be the old ones, calling for the shooter to place his gun below the others before shooting. The other shoot will be a registered club tournament at 100 targets with the scores to count on the Red class A and Red class B trophies.

POWELL STEPS OUT.
STANFORD UNIVERSITY, Jan. 14.—Walter Powell, director of athletics at Stanford University, resigned today to go into business.

THE TIMES-MIRROR COMPANY.
PANTY.

"HARRY CHANDLER."
President and general manager. To this communication Admiral Eberle yesterday responded by letter as follows:

"SAN PEDRO, Jan. 14.—Mr. Harry Chandler, President of the Times-Mirror Company, Publishers of The Times, Los Angeles, Cal.: My Dear Sir:

"In the name of the personnel of the Pacific Fleet, I wish to

HOPING WARNER WILL STAY PUT.

Visit of Famous Coach May Bring Quick Results.

Stanford Student Body Looks for Immediate Change.

Card Football Prospects in Brighter Light Anyway.

STANFORD UNIVERSITY, Jan. 14.—Oliver Warner of Pittsburg will arrive at Stanford next Friday or Saturday, and a well-damped opinion on the Cardinal campus has it that there is more than a visit of observation with reference to a 1934 coaching contract behind his trip from New York.

FOR ACTUAL WORK.
T. M. Williams, president of the board of athletic control, states that Warner may be signed up for actual work beginning two years hence. In the meantime it is suggested that the eastern mentor pick an able coach of his liking to take charge of present and work up to the Warner system.

Obviously Warner is coming West to determine whether or not this plan is feasible, but members of the student body indicate that possibly when the famous mentor becomes familiar with the Cardinal atmosphere, meets the men, and learns of the excellent material eligible for next year's varsity, he may find a way to take actual charge himself and begin building the new Card team in 1932.

It is pointed out that Pittsburg would be in a peculiar position, holding a coach who had already determined to take up with another university on the termination of his contract there, and it is understood that the Warner-Pittsburg relations have not been very satisfactory during the last two years.

Warner has indicated that salary terms no higher than those he enjoys at present would be acceptable at Stanford, so it is believed that his money does not influence his inclination to come to California. Students putting these facts together with Warner's willingness to make the trip to Stanford at the present time, are hoping for results even happier than the Glen Warner's assumption of duties at Stanford in 1924.

HONOR IS ACCEPTED BY BYERS.

Presy of Golf Body Advocates Adherence to Ancient St. Andrews Club.

CHICAGO, Jan. 14.—Adherence so far as possible to the rules of the Royal and Ancient Golf Club of St. Andrews by the United States Golf Association was indicated by J. F. Byers of Pittsburg, in accepting the presidency of the U.S.G.A. at the annual meeting tonight. He pleaded for uniformity of rules, not only in the United States but throughout the world.

Byers, who followed the day of discussion preceding the annual meeting of the U.S.G.A. about abolishment of the stymie and ob-faced clubs and other tenets of the game. He declared that the game should not be made easier by letting down certain regulations. President Byers declared in favor of legislation by the U.S.G.A. and other American golf associations that would adhere as closely as possible to the Royal and Ancient Golf rules, under which, he said, golf had expanded to a greater degree than any other sport.

It should be the aim of American golfers, he said, to legislate justly and fairly, keeping in view the fact that the game is the basis of making the game easier, which would tend to lessen the satisfaction of skill in play, but with the idea that the game should be played as nearly as possible along the lines which have made it the game it is today.

FRENCH ARE AFTER ENDURANCE MARK.

NEW YORK, Jan. 14.—The French are planning to recapture the aeronautical endurance record recently taken away from them by the Americans. The American Chamber of Commerce of America announced today it had received from France advice that manufacturers of the Farman Goliath early in March would send up a plane with two pilots, at least to remain in the air at least forty hours. The machine will carry three tons of fuel and food for two days.

A Farman-Goliath set the previous world's record of 34 hrs. 18 mins. and 7 secs., which last month was broken at Mineola, L. I., by Edward Stinson and Lloyd Bertaud in an all-metal Farman monoplane. The Americans were aloft 34 hrs. 19 mins. and 35 secs.

HORSE RACING IN MEXICO CITY.

MEXICO CITY, Jan. 14.—Horse racing was resumed here today under the auspices of the International Jockey Club after an interlude of ten years. Heavy rains last night and cold weather today made the track slow. Seven races were run.

Less than 1000 persons attended. President Obregon and members of the Cabinet witnessed the opening.

BASKETERS IN RECORD SCORE.

STANFORD (N. Y.) Jan. 14.—St. John's Military Academy of Manila established what is thought to be a world's record today when the basketball team scored 233 points in a double-header.

The scores were made against the teams of Utica Academy, 94 to 7, and Savannah High School, 131 to 11.

Bambino Will Have to Take His Medicine.

(EXCLUSIVE DISPATCH.)

CHICAGO, Jan. 14.—Mr. George "Babe" Ruth, breaker of rules and records, must believe all he sees in the public prints. Recently much has been written about an alleged plan of the major league clubs to "bust" him. "Babe" might perform before May 30, but he hasn't a chance. The rule is on the book for keeping him out until after Ruth and his co-barbarians have done their time.

BANNER LISTS OF STAKE ELIGIBLES.

(BY A. P. MONT WIRE.)

CLEVELAND (O.) Jan. 14.—The championship stables stake No. 18, and matron stake No. 18, promoted by the American Association of Trotting Horse Breeders, to be raced on Grand Circuit tracks in the first of the series of eligible foals of 1921, as indicated by returns announced today. The championship stables stake No. 18, and matron stake No. 18, promoted by the American Association of Trotting Horse Breeders, to be raced on Grand Circuit tracks in the first of the series of eligible foals of 1921, as indicated by returns announced today.

The championship stables stake No. 18, and matron stake No. 18, promoted by the American Association of Trotting Horse Breeders, to be raced on Grand Circuit tracks in the first of the series of eligible foals of 1921, as indicated by returns announced today.

TUNNEY CHAMP OF LIGHT HEAVYWEIGHTS.

(BY A. P. MONT WIRE.)

NEW YORK, Jan. 14.—Gene Tunney, the Greenwich Village boy, is today American light-heavyweight boxing champion, by virtue of his victory last night over the veteran battler, Levinson. He got his start in pugilism through a desire, while not busy swapping punches with the Germans in France, to entertain his buddies behind the battle line.

When boxing became the king of A.E.F. sports, Tunney entered, for the fun of it. His opponents never were able to plant a real hard blow on him. Gene went on to become champion at his weight of the glove-wringing war effort in the American forces in France.

INDOOR MEET MOVED.

(BY A. P. MONT WIRE.)

BUFFALO (N. Y.) Jan. 14.—For the first time in the history of the American Athletic Union, the national indoor track and field championships will be held outside New York City. This annual classic will take place this year at the One Hundred Seventy-fourth Regiment armory here February 11.

ODD FELLOWS GRAND SIRE.

(BY A. P. MONT WIRE.)

BAITIMORE (Md.) Jan. 14.—Judge Lucien J. Martin of St. Joseph, Mo., was installed Wednesday at London, Ont. Can. as Grand Sire of the Independent Order of Odd Fellows. He was the late Grand Sire Joseph Oliver, whose funeral took place Tuesday at Toronto.

FORGER IS SENTENCED.

(BY A. P. MONT WIRE.)

WILLOW, Jan. 14.—Sentence of from one to four years was imposed upon Howard Ferguson, confessed forger, when he entered plea of guilty in Superior Court here yesterday. He was arrested for the passing of alleged worthless checks.

ILLINOIS VICTOR.

(BY A. P. MONT WIRE.)

COLEMBUS (O.) Jan. 14.—Illinois won its first basketball game of the season here tonight, defeating Ohio State 45 to 34.

WILLIAMS VICTOR.

(BY A. P. MONT WIRE.)

WILLIAMSTOWN (Mass.) Jan. 14.—The Williams hockey team defeated Springfield College today, 5 to 1.

TWIN BILL SOCCER DEBUT.

Distance Runners Are Too Long-Winded for Their College Rivals.

TROPHY IS GIVEN TO GRIDDERS.

Navy Stars of the Pacific Fleet are Presented With a Loving Cup.

An echo of the Pacific Fleet's great victory over the Army at the Armistice Day football game, held at Pasadena, was heard aboard the flagship California yesterday morning when a magnificent loving cup was presented to the Navy gridiron stars and the fleet by the Pasadena Post of the American Legion.

SPORTING CLUB IN HANDS OF RECEIVER.

NEW YORK, Jan. 14.—Ernest Haggell and John B. Given were appointed receivers of the real estate company of the International Sporting Club, Inc., by Federal Judge Mack today following the filing of an involuntary action in bankruptcy against the corporation.

CLYDE MILAN TO MANAGE SOLONS.

WASHINGTON, Jan. 14.—Clyde Milan, outfielder, will be the manager of the Washington American League baseball club this season, it was announced tonight by President Clark Griffith. He has been first baseman of the team since 1907. He succeeds George McBride, who resigned due to illness resulting from injuries received last season.

SAYS DEMPSEY'S BEST FIGHT IS BEHIND HIM.

But He's Still so Good That Talk of Another Carpenter Invasion Fails to Excite Anyone.

BY HARRY A. WILLIAMS.
Difficult as looking around a corner to see where Georges Carpentier's victory over George Cook of Australia calls for a return match with Jack Dempsey.

One, indeed, would need to be endowed with an unusual mental vision to look upon the London result in this light.

Carpentier was his first engagement with Dempsey partly on his easy victory over Joe Beckett. But he can hardly count on continuing to cash these European victories on this side of the water. Beckett was a set-up, and Cook a push-over, just about such a distinction as there is between pie and cake, in that each is easy to take.

In reality, aside from his appeal to the popular imagination, there was no excuse for the first battle between Dempsey and Carpentier. Those who had previously seen both men in action did not honestly accord the Frenchman as much of a chance as is conceded the average bona fide challenger.

PREXY OF ATHLETICS DIES IN THE EAST.

PHILADELPHIA, Jan. 14.—Benjamin F. Shibe, president of the Philadelphia American League baseball club, died today. Mr. Shibe was 63 years old. He had been president of the club since 1901. He and Connie Mack each owned 50 per cent of the stock.

U.S.C. VARSITY CLUB WILL MEET WEDNESDAY.

ALL letter men of U.S.C. and all old letter men have been requested to appear for the first meeting of the U.S.C. Varsity Club this year at the Theta Psi house next Wednesday night, January 18th, 8 o'clock. Important matters are to be taken up and discussed at that time. The time has been set for 7:30 p.m.

TEXAS AGGIES ARE CHEERFUL.

Wind Up Great Season by Defeating Centre.

Have Been Winning Titles for Five Seasons.

No Freshmen Play on the Varsity Eleven.

COLLEGE STATION (Tex.) Jan. 14.—The season just closed of the Texas Aggie football team of the Agricultural and Mechanical College of Texas, located at College Station, Tex., is in many respects the most successful in the history of the institution, though the team suffered one defeat in the ten games played. This defeat, however, came about on a more or less of a fluke play and that in the last three minutes of the game.

The Texas Aggies started their successful season early in September by defeating the A. and M. freshmen. Then came the games with Howard Payne College and Southern Methodist University, who were both decisively defeated. The game with Louisiana State University, coming only three days after a hard game with Southern Methodist University, was the only loss of the season and that by a lone touchdown.

ATTEMPT TO COLONEL.

The team took a much-needed rest and went into training for the rest of the season. The team took a much-needed rest and went into training for the rest of the season.

"GOBS" FIVE WIN BOTH.

Keeping clean their record for this season the Mississippi five defeated the Los Angeles Men's Club yesterday afternoon to the tune of 50 to 20 at the latter's gym.

The Mississippi five defeated the Los Angeles Men's Club yesterday afternoon to the tune of 50 to 20 at the latter's gym. The game was played fast and clean despite the lopsided score. Lapsus at forward was the star of the game, counting for twenty-nine points, while Delaney at guard played a great defensive game.

The line-ups and scores: Mississippi: L. A. Men's Club: ...

FRENCH CUE STAR ARRIVES IN GOTHAM.

NEW YORK, Jan. 14.—Edouard Roddill, noted French billiardist, who will compete in the world's 18.2 ball line championship, was a passenger on the steamship Pacific arriving today. Arriving today, the cue master will arrive tomorrow on the Noordam.

Expect Records to Fall at the Relay Carnival

REDLANDS, Jan. 14.—Lloyd Tount, manager of athletics at University of Redlands, says that records are going to fall right and left when the A.A.U. relay carnival, the event of thrills in track circles of the south, is held here in February.

Tount says that there are more crack relay teams to be seen in Southern California this year than ever before and that all of them will be here for the meet. And then there will be some excitement in the relay races, especially when Argus of Occidental and Bob Allen of Redlands clash.

There are to be eighteen events in the carnival and all of them promise to be thrillers because of the close competition. The date is February 18. The program will start at 3 o'clock and is as follows:

Event 1.—100-yard dash, class 1.	Event 2.—100-yard dash, class 2.
Event 3.—100-yard dash, class 3.	Event 4.—100-yard dash, open.
Event 5.—Pole vault, open.	Event 6.—120-yard high hurdles, open.
Event 7.—3-mile relay, class 1; four men.	Event 8.—4-mile relay, class 2; four men.
Event 9.—High jump, open.	Event 10.—Medley relay, class 2; four men running 220, 440, 880 and mile.
Event 11.—1-mile relay, class 1; eight men.	Event 12.—Broad jump, open; eight men.
Event 13.—1-mile relay, class 2; four men.	Event 14.—1-mile relay, class 3; four men.
Event 15.—4-mile relay, class 3; four men.	Event 16.—1-mile relay, class 1; four men.
Event 17.—1-mile relay, open; four men.	Event 18.—3-mile relay, open; four men.

HICKEY CALLS FOR A COUNCIL OF WAR.

CHICAGO, Jan. 14.—President Hickey of the American Association issued today a call for a special meeting of the club owners to be held here January 23 to consider the proposed merger of the baseball advisory council in regard to the draft.

Under the proposed new plan, the American Association and other class AA leagues—the Pacific Coast and International League—would be offered \$7500 for each player drafted. The old draft price was \$6000. None of these leagues has subscribed to the draft within the last two or three years.

TO RESTORE KIAO-CHOW.

Shantung Parleys Also Take Forward Step Toward Solution; Arms Envoys Anxious to Go Home.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Jan. 14.—The Shantung negotiations took another step forward today while all other activities of the Arms Conference were at a standstill. Meeting for the twenty-sixth time, the Japanese and Chinese agreed on some of the preliminary moves looking to complete restoration of Kiao-Chow territory to China.

There also was apparent in some quarters a mounting hope that the question of the Shantung Railroad, the only point on which the two delegations have found themselves deadlocked, would be settled on the basis of American and British compromise suggestions under consideration in Peking and Tokyo.

WANT TO GET AWAY.

The halting progress of the discussions, however, coupled with suspension of conference negotiations on other subjects, led to renewed rumblings of discontent from foreign delegations anxious to get home.

Conference officials were talking tonight of a resumption of the sessions of the Far Eastern committee next week, although twenty-four hours before they had indicated that the committee would not reconvene until the Shantung problem had been solved.

Resident Shantung, the general Far Eastern issue constitute virtually the only remaining business of the conference. A reply still is awaited from Tokyo regarding the Pacific fortifications section of the naval treaty but most delegates

conference discussion of the "twenty-one demands" despite objections of the Japanese. Meanwhile among other delegations there developed evidence that not only this request, but the Chinese proposal for abolition of spheres of influence and for restoration of leased areas face a dubious prospect.

MUST COMPROMISE.

Among officials close to the Shantung negotiations, the opinion prevailed today that both China and Japan must be ready to adopt a compromising attitude on the railway question which caused the deadlock of two weeks ago if they hope to reach a settlement of the Shantung problem here.

Meantime the question of Pacific fortifications is in the hands of the Japanese Cabinet, as a result of the new proposal to define an exact zone of limitation of fortifications to the present status. It is expected that a favorable answer will be received from Tokyo in time to complete naval discussions next week.

GOETHALS TO SURVEY IRRIGATION PROJECT.

(BY A. P. NIGHT WIRE.)

OLYMPIA (Wash.), Jan. 14.—Negotiations with Gen. George W. Goethals, builder of the Panama Canal, to undertake a survey of the proposed Shantung irrigation project to determine feasibility of two proposed river diversions will be closed immediately at a contract price of \$25,000, Director D. A. Scott of the State department of conservation and development announced today. Gen. Goethals asked \$25,000 to make the study.

That some spirited clashes of opinion are to be expected when the Far Eastern meetings are resumed is becoming more apparent. Today Dr. Chung Hui Wang, Chinese delegate, issued a statement reaffirming the determination of China to press her request for

Alexandria Hotel Assembly Room 10:30 A.M. 2:30 P.M. 7:30 P.M.

Mr. Salisian, while in New York recently, acquired by consignment the entire stock of THE PERSIAN RUG IMPORTING AND TRADING CO., who are retiring from business, with instructions to sell every Rug at public auction. The stock numbers 587 pieces, consisting of both modern and antique specimens.

125 unusual antiques for the collectors, such as lanterns, Herakees, Ghordies, Kulahs, Ladika, Malas, Sahnah, Shah Abbas, Bokharas, Bergamos, Kirmanshah and many others. One antique silk palace rug in particular formerly owned by the late Sultan Abdul Hamid.

Also there will be included in this sale the WONDERFUL MASTERPIECE KIRMAN CARPET, once in the possession of Grand Duke Alexis, Crown Prince of Russia. This rug represents the likeness and names of the famous men of the world from the time of Moses to the present Shah of Persia. It took five weavers twenty years to weave this Masterpiece.

Don't fail to be present at this sale if only to see the famous handwork of the Persians, THE MASTERPIECE KIRMAN.

ALL NATION

Los Angeles Resists Land With Home, N

A gastronomic tour of Los Angeles will find the appetite may enjoy a pleasant passing beyond the city limits of the country, it harbors a variety of eating places.

Having a meal can be enjoyed anywhere according to the custom of the day by filet mignon grilled by the chef or oriental delicacies, by the way of quaint little haunts, hidden away in the dark by-alleys in the residential areas; the residents are prepared to eat the tastes of the most diversified gourmet. This variety of unusual eating places which has placed Los Angeles in the front rank for popularity and the number of these places is expanding so rapidly that the figures contradict themselves.

EATING PLACES.

The Chamber of Commerce says the city has 1972 eating places. The association of cafe and restaurant owners declares there are 1216, but the city licenses bureau reports that licenses have issued to 1181. Accepting the figure furnished by the license bureau there are 668 residents to one eating place. The average cost of daily patrons of each place is \$10. Approximately 75 percent of the city's residents patronize cafes, restaurants and the remainder of appetite establishments at least once each day. When these figures Los Angeles modestly boast of consuming cooked food than any other city housing more people who eat and who may enjoy a great variety of meals in a great number of eating places than in other city.

CATERING LEAD.

Movement among the food establishments from the viewpoint of the caterer.

VAMPIRES LURED BY WEST.

California Pioneers Victimized by Adventurers Who Came to Coast From East.

(Continued from First Page.)

a smattering of learning—that is, she had read superficially, and pretended to culture and refinement, which passed current only among the uncultured. Lightning always strikes the highest peaks, and so the Hill woman struck the actor Sharon. She wanted wealth and the position that a United States Senator could give her. She sued for a breach of promise of marriage and presented what she claimed was a written marriage contract. Senator Sharon being a citizen of Nevada, the case without a doubt in the United States District Court at San Francisco, Judge Stephen J. Field was presiding.

Sarah Althea employed ex-Judge David S. Terry as her counsel. Terry had been Chief Justice of the State Supreme Court in the early days, and resigned the office in order to fight a duel with U. S. Senator David Broderick, whom he killed. During the trial Terry married the woman. He was a widower with grown children.

CARRIED REVOLVER.
Taking exception to a ruling, or to remarks made by the justice, Sarah Althea waylaid him in the hall and attempted to shoot him. She always carried a revolver, even in the courtroom, in her handbag. When the decision was given against her, she threatened to kill the judge. The judge loosened her guard and she was able to get a shot at him. The man selected was Dave Nagle of Arizona, who was known to be a dead shot, and a brave. On returning from the East Terry and his wife got on the same train with Judge Field at Stockton. Terry's home, whether by design, or a coincidence, could only be surmised.

The train stopped at Lathrop for dinner. Terry and his wife selected seats away from that of Judge Field. Neither of them knew Nagle, or that Field had a guard. In a moment, without finishing her dinner, Sarah Althea stealthily crept behind Judge Field, pulled back his head and slapped his face. The judge loosened his hold. At the moment Terry arose with a bowie knife in his hand—his favorite weapon. He had raised the knife, when Sharon, who had let into his heart. Terry felt a corpse, and without even seeing his assailant.

ANOTHER ADVENTURE.
Laura D. Fair was also an adventurer. With two husbands to her credit, before she married Col. A. P. Crittenden, she was one of the most brilliant lawyers of the San Francisco bar, a member of the famous Crittenden family in Kentucky, and a Mason of high standing. The woman asserted that she had promised to divorce his wife, and then marry her. He was then about 40 years of age, with several grown children. He refused the woman's demand, and she assassinated him. Laura Fair was not fair to look upon. Her face was whitish and dull, and as expressionless as a mask of lead. She wore her hair short, and in curls—the fashion of a former age. She pretended to learning, and affectedly doted on poetry; but, it was only superficial, and did not pass current, except with the unlearned. Her eyes were greenish, and she stared at a man as if to read him—that is, to see the possibilities of his capture. She was sentenced to be hanged, but on second trial was acquitted by a jury on "expert" testimony that she was insane.

THE FIRMIN CASE.
Another celebrated case was that of Annie Firmin, an actress, against Thomas H. Blythe, a millionaire and a bachelor. He owned a block of buildings on Market street, and other property in Southern California, and in Arizona. He was of Scotch descent, and came to San Francisco when a youth. He had no relatives in California, and knew of none in Scotland. He was about 40 years of age, pleasant features, shrewd as to men, well read, and his face denoted firmness and business ability, which was evidenced by his accumulated millions. Yet, he fell under the wiles of an ignorant, homely, dowdy actress. At the time, the woman was "the talk of the town," and it was said that she was out of work. She decided that she "must live," and so she made a drive on Millionaire Blythe. She brought suit on what she claimed was a "marriage contract," and produced in court a half-sheet of paper, which was written the purported contract, and signed "Thomas H. Blythe" in another hand.

FEW "LADY MILLERS."
Before the advent of the present vampire flock, and their slaying of lovers and victims who refuse to surrender their wealth, Los Angeles had few "lady murderers." The most noted case, and perhaps the only one that had the semblance of justification, occurred in 1882. Chico Forster, a roystering young blade, was killed by the woman he deceived. Chico was a son of Don Juan Forster, a prominent figure in the early history of Los Angeles. He had persuaded Senatorita Mercedes Abarita

that he loved her, gained her confidence, and then cast her aside. She asked him to marry her, and he coldly laughed in her face. Finally, under her threats, he apparently consented. They drove together in a buggy toward the Mission Church to have the banns published; but, nearing the church, he faltered, and demanded a delay. They drove around the plaza and down Los Angeles street to Commercial, where she got out of the buggy, and asked him in Spanish: "What are you going to do?" He brutally told her that he would not marry her. She then shot him dead. She had carried the weapon with her, intending to return a promised bride, or that he should be a corpse. At the trial Dr. Joseph Kurts gave expert testimony that she was mentally irresponsible at the time, and she was acquitted. The community indorsed the verdict.

HONOR IS ACCORDED ANGELENO.

United States Chamber of Commerce Names F. W. Taylor on Committee.

Thirteen of the country's leading publishers, diplomats, financiers and manufacturers have been called to New York City, next Friday by the United States Chamber of Commerce to form a special Foreign Relations Committee, according to a telegram received yesterday at the Chamber of Commerce in which Frederick W. Taylor of this city was named committee member. The names of other committeemen will be announced when it is known they have definitely accepted.

Mr. Taylor, formerly head of the Agricultural Department of the Philippine Islands, is a member of the Agricultural Committee of the Los Angeles Chamber and is the only member of the conference living west of Chicago to be selected by the United States Chamber to sit in on these important sessions to formulate diplomatic policies—not trade views—for the possible adoption by the United States Chamber.

SUSPECTED DRUG RING HEAD TAKEN IN RAID.

HUGE QUANTITY OF NARCOTICS BELIEVED TO BE CATCHED HERE.

Charged by the police with being the head of a ring of drug smugglers and peddlers, C. Rios, 27 years of age, known to drug users as "Chin Chin" was landed in the City Jail yesterday by Police Detectives Mailheau and Yarrow and State Inspector Peoples. Rios was taken into custody at 227 North Hill street. A quantity of cocaine was seized by the raiding officers.

With the arrest of Rios the three officers yesterday declared that they have in custody the local head of a huge band of drug smugglers who have been pouring thousands of dollars worth of contraband drugs into Southern California from Mexico.

TO SET LIQUOR CASES.
No Important Hearings Scheduled For Federal Courts.
Several liquor cases will be disposed of by the U. S. District Court tomorrow afternoon after the law calendar is called in the morning. There are no important cases set for eighth department.

BUILDING FUND AIDED.
Society, Sons of Revolution, Gave First Library Donation.

The Society, Sons of the Revolution, yesterday announced that it had made a donation of \$100 toward its new building fund which was made by George W. Freeman. The local society, which now has 700 members, expects to erect a building to house its library and to be devoted to patriotic purposes. Mr. Freeman is of a New Jersey family, so which the late Dan Freeman, pioneer of Ingwood, belonged.

KIDNAPED, SHE ASSERTS; SUES.

Girl Seeks Damages of Seventy-five Thousand Dollars in Love Mix-up.

Philip S. Whitney and four men said to have been with him when, Miss Monte Hucksorn declares, she was kidnapped from Mulholland Grove, San Diego county, and taken in an automobile to various cities where her purported captors caused and threatened to kill her if she escaped, were made defendants yesterday in a suit filed by her for \$75,000 damages. Miss Hucksorn also sued Mr. Whitney individually for \$4401 for services performed as housekeeper.

During the wild automobile ride, Miss Hucksorn says, she escaped, but was recaptured. In San Francisco she was rescued and brought to Los Angeles, she asserts.

Miss Hucksorn thinks her experience was the result of her decision to give up Mr. Whitney for Jean Cream, a salesman of this city. She is represented by Attorney Fred W. Luth.

Two Angelenos Asked to Join in Conference.

The first special meeting called by the United States Chamber of Commerce to consider general economic problems of the country will be attended by Frederick W. Taylor and G. Harold Powell, members of the Agricultural Committee of the Los Angeles Chamber.

The local delegates will leave this city on Sunday, arriving in New York City for preliminary conferences on trade problems. Beginning the 14th inst., the special committee called by the United States Chamber will meet in Washington for further discussion and solution of business problems confronting the nation.

PROBATION FLEA FAULTS.

A. R. Curry pleaded guilty in Judge Reeve's court to stealing an automobile, valued at \$650, from Fred Stammer on October 28, and yesterday made a plea for probation. The court, however, decided that inasmuch as the young man was also accused of taking a motor-cyclist on his own, he was not entitled to probation. Curry was sentenced to San Quentin for from one to ten years.

IMPORTANT PART
PLAYED BY BUG.

Repays Study for What It Reveals of Nature.

Many Known Kinds Highly Injurious to Man.

Plant Lice Variety Noted for Destructiveness.

BY W. E. ALLEN,
California Biological Feature Service.

Several times in the last few months I have noticed the statement in various publications that "bugs" are not mentioned in British politics. Just why many writers should be interested in this fact is hard to say. Perhaps they are amused by the idea that the ubiquitous bed bug (the only animal named by the English word) can be disposed of by such an attitude of exclusiveness. To the ordinary American the word means any very small object which moves quickly. To the scientific student of insects it means in its strictest sense a group of insects which have mouth parts equipped for piercing and sucking and which have peculiar wings, the inner halves of which are thick and leathery while the outer halves are thin and papery or gauzy.

Among the many thousands of different kinds of bugs known to scientists there are many which are known to be highly injurious to man and few which are known to be beneficial. A most injurious group of bugs is characterized by very small individuals which make up in numbers what they lack in size. They are well known to plant lovers everywhere as plant lice or aphids. These are almost as many kinds of them as there are kinds of flowering plants. They are aided and abetted in their destructiveness by ants which guard and protect them and carry them at opportune times to the juicier parts of young, tender shoots of the plant.

One entomologist estimated that there were 12,000,000 plant lice living at one time on a young cherry tree. Another expert estimated that if nothing happened to kill off any of the young produced by a single mother in the spring, and if each successive generation through the summer brought all of its offspring to the reproductive stage, there would be over 3,600,000,000,000 descendants of the one mother ready to continue propagation at the beginning of the next spring. In the face of such possibilities it is no wonder that things sometimes look discouraging to the gardener and agriculturist. Fortunately for the peace of mind of man the plant lice have many enemies and only a small percentage are able to mature and bear offspring.

Many bugs have a decidedly bad odor, too, for that matter. It is always amusing to the other fellow when he sees some one carefully eating blackberry, or other fruit without washing or examination get hold of a bug and then spend some time spitting and spluttering and wondering what made the fruit taste so bad. It is equally disgusting when he himself turns over a leaf and stirs up a squash bug with its peculiar acid, sickening odor. Undoubtedly the odoriferous bugs are largely responsible for the disreputable attitude polite society holds for the name.

Most bugs live out of water, but a few kinds spend most of their lives in it. They all have means for attaching a layer of air to their bodies when they come to the surface. By using this layer they are able to stay under water a long time if they can hold to some solid object or keep swimming vigorously enough to keep the air from floating them up again. Water bugs are predatory and the largest one (often called the "electric light bug" because it is found under street lamps when flying from one pond to another) kills many of the small and young fish which it pounces upon from ambush in a most ferocious manner.

Bugs may not be nice and few of them are in any sense beautiful, but they play a very important part in the affairs of man. This is good reason in itself why they should receive a good deal of attention from him. In addition to this many of the above such curiosities of habit and structure that they well repay study for what they reveal of the wonders of nature.

U.S.C. EXTENSION
CLASSES ARE OPEN.

TRUTHFUL ADVERTISING TO BE TOPIC UNDER DISCUSSION WEDNESDAY.

Do advertisements tell the truth? Why? That there is a complex problem to be mastered in telling the truth to a watchful purchasing public is the belief of Miss N. Goddard, instructor for the University of California Extension Division. Effective advertising, she says, involves the correct use of color, space, methods of merchandising, and of appealing to the artistic as well as the reasoning sense, and many other considerations. A class in advertising open to visitors is scheduled to meet in room 425 Baker-Dewitt Building, Wednesday, the 18th inst. at 8 p.m.

A class in harmony is offered with Miss Julia Howell as instructor, open to visitors at 7 o'clock next Wednesday, in room 426, Music-Arts Studio. Classes appealing both to the professional pictorial photographer and to the amateur are announced under the leadership of Miss Margaret Craig. Miss Craig meets her classes in her studio, 616 South Western avenue, where she has every equipment for carrying on this interesting work. An elementary class in photography will meet at 4 p.m. Thursday, the 19th inst., and an advanced class at 4 p.m. Friday, the 20th inst.

LECTURES ON VOICE
Miss Isabelle M. Hanbury has announced a series of lectures on the art of cultured speech and voice to be given next month in her studio in the Music-Arts Building. Miss Hanbury has returned to Los Angeles after an absence of twenty years of study, travel and lecturing in Europe and the East.

Fitzgerald's
For the Advancement of Music

KNABE AMPICO

Ampico Week This Week
a festival week of remarkable musical events

IN keeping with the spirit, "for the advancement of music" in this community, an interesting series of recitals will be held during "AMPICO WEEK." These concerts will feature Henry Souvaine, the brilliant young American pianist, and Penelope Davies, a noted mezzo-soprano. Each day will bring many delightful musical events:

Monday
Hollywood High School at 10 a.m.
Ebell Club at 2:15 o'clock.
Owensmouth High School at 1:30.

Tuesday
Central Jr. High School at 9:25 a.m.
Trinity Auditorium at 4 o'clock.
Knights of Columbus Hall at 8:15.

Wednesday
Virgil Intermediate School at 9:15 a.m.
City Club at noon.
So. Pasadena Women's Club at 2:30.
Elks' Club at 9 p.m.

Thursday
Franklin High School at 9:45 a.m.
Optimists' Club at noon.
30th Street Jr. School at 2:15.
Annandale Country Club at 8 p.m.

Friday
Rotary Club at 12:30.
Trinity Auditorium at 8 p.m.

Saturday
Eastern Star rooms at 8 p.m.

You are cordially invited to avail yourselves of the opportunity of hearing these extraordinary concerts.

HARBOR SURVEY IS AGAIN URGED.

Chamber Favors Extension of Breakwater.

Increase in Commerce Here Shown in Report.

Resolutions to be Forwarded to the Congress.

Resolutions adopted by the Chamber of Commerce urging improvements at Los Angeles Harbor will be forwarded to Congress, it was announced yesterday. The resolutions include data obtained by various committees regarding commerce done through the local port, needs of the port to accommodate warships and needs created by the rapid increase in the number of steamships using this port. The text is as follows:

"Whereas, a survey was made two years ago looking toward the further improvement of Los Angeles Harbor by the United States government, in which survey, facts and figures were presented showing the necessity for constructing an extension to the present breakwater, beginning at a point east of the entrance to Long Beach Harbor; and also showing the necessity for deepening the main channel of Los Angeles Harbor to thirty-five feet at low tide; and

"Whereas, the Board of Engineers for Rivers and Harbors reported adversely on said projects on the ground that they were premature; and

"Whereas, the development of commerce through the port of Los Angeles has been much more rapid than was foreseen at the time said survey was made; therefore be it

COMMERCE FIGURES.

"Resolved by the board of directors of the Los Angeles Chamber of Commerce, that we hereby request that another survey be provided for in the forthcoming Rivers and Harbors Bill, now pending in Congress, and in support thereof, the following facts are set forth:

- (1.) The total commerce of the Port of Los Angeles for the year ending June 30, 1921, was 3,389,622 tons, and for the year ending June 30, 1921, it was 4,366,144 tons, an increase of more than 30 per cent in two years.
- (2.) The increase of steamship lines coming to this port has been little short of phenomenal. When the armistice was signed in 1918, there were not more than six regular off-shore lines coming to this port. Today there are forty-five off-shore, and coast-to-coast services.

NEW SHIP LINES.

"Twenty-three new services were inaugurated out of this port in 1921, as follows:

- (1.) The Admiral Line, to England.
- (2.) Canadian government merchant marine, to British Columbia ports.
- (3.) Compagnie Generale Transatlantique, to Havre.
- (4.) Robert Dollar Line, to the Orient, British India and around the world.
- (5.) East Asiatic Line to Copenhagen and Hamburg.
- (6.) Ellerman's Wilson Line to United Kingdom and continental European ports.
- (7.) Ishikawa Line to Gulf of Mexico ports.
- (8.) Java Pacific Line from Java and Philippine Islands.
- (9.) Latin-American Line to Mexico, Central America, Colombia and Ecuador.
- (10.) Los Angeles Steamship Company to San Francisco.
- (11.) Lusitania Steamship Company to Mobile and New Orleans.
- (12.) Matsun Navigation Company to Baltimore.
- (13.) Matsun Navigation Company to Hawaii.
- (14.) Nippon Yusen Kaisha to the Orient.
- (15.) Isthmian Line to Honolulu.
- (16.) Norway Pacific Line to Sweden and Norwegian ports.
- (17.) Mexican Navigation Company to Mexico and Central America.
- (18.) Struthers & Barry Line.

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to avoid exposure to wet weather, to keep the feet dry; avoid exposure to wet meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also means of freeing the blood of this impurity in the form of sweat and chills cold weather the skin pores are closed, thus forcing the kidneys to do double work. They become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.

MOTHER HELPER HURT BY BED.

Child is Injured When She Tries to Aid With Housework.

"Just tryin' to help mother," little Sabas Lopez, 3 1/2 years of age, of 3774 Hubbard street, whispered when she was brought into the Receiving Hospital yesterday morning with a deep scalp laceration and suffering from concussion of the brain.

Her parents said she was attempting to help her mother and tried to raise a folding bed from the floor. It crashed back on her head.

Blinking back her tears, Sabas informed the police surgeon that "the nasty old bed was too heavy."

She was taken to the hospital, where she is now recovering.

The Feagans & Co. Sale Presents the Opportunity to Secure Exclusive Feagans Wares

Including the Famous Feagans Diamonds, Fine Gem Set and other High Grade Watches, Exquisite Platinum and 14-Karat and 18-Karat Gold Jewelry, Sterling Silver Table Wares, Imported Leather Wares, Correct Stationery, Sterling Silver Novelties, Clever Enamel Wares and many other offerings.

At Price Reductions Which Are In Many Cases Less Than Feagans & Co.'s Actual Cost

During the first week of the sale we found ourselves unable at times to take care of the crowds of customers, with the result that many found it necessary to leave the store unserved. Frankly, we had hardly dared to expect such throngs as came, and to those whom we could not serve we extend our sincere apology. An augmented sales force will, however, in our judgment in a large measure at least overcome this difficulty from now on and enables us to serve a great many more patrons.

Some Remarkable Offerings in Fine 14-karat Gold Jewelry

- | | | | |
|--|--|--|--|
| Bar Pins Nos. 322811, 325523, 325392, 322078 and 322069, formerly priced \$6.00, now \$3.00. | 14-karat gold earrings, No. 398147, formerly priced \$20.00, now \$13.75. | Bohemian Amber beads, personally selected in Europe, formerly priced \$15.00, now \$10.00. | No. 323147, formerly priced \$10.00, now \$6.75. |

Bargains In Used Cars

Times' Want Ads

—The big, busy marketplace—never before so many exceptional bargains.

—Everything from stripped roadsters to finest limousines.

Nothing so forcibly illustrates the bargain prices now prevailing in Used Cars as the fact that hundreds of people who already own cars are buying extra machines for special purposes.

The tendency seems to be to keep the new car new and buy a good Used Car for everyday use.

A Closed Car for the Wife and Daughters

A Roadster for Yourself

A Light Roadster for the Son

A Touring Car for the Whole Family

The quick sales and large demand are reflected in the constant change of stock as advertised in TIMES' Want-Ads. Today's columns contain a wide variety of snaps never before advertised.

By acting as the great automobile clearing-house, TIMES' Want-Ads serve both seller and buyer. The small cost of selling a Used Car through THE TIMES' columns makes it possible to quote a low price. The buyer not only reaps this advantage, but gets the pick of Used Car bargains.

During the year January 1 to December 31, 1921, THE TIMES printed 1,391,587 Want-Ads, the highest score in America, exceeding the nearest Los Angeles newspaper by 341,605.

Mounds of Stone Mark Last
Homes of Bandits.

(Continued from First Page.)

heap of possibly 100 stones, placed there secretly by his friends, marked the grave.

When we were riding back, the pile had been increased to possibly 1500. Don Louis, the younger, my escort, paused a moment to look at the heap, and uttered some ejaculations in Spanish that I could not understand. Then he rode on. A few minutes later I heard the noise of stones rolling down the mountainside. I looked back and saw our men industriously engaged in reducing the pile. He was evidently a retainer of the Carrillo clan.

Temuchina is a little pueblo of possibly twenty buildings that cluster about the hacienda of the Rancho El Padre, owned and operated by Don Roderico Beltran. It is one of the best properties in the Sinaloa River valley, and the gateway to the gold country. The Don has introduced American farming implements, and the rich black soil is intelligently cultivated. We rode through hundreds of acres of ripened corn. There were good roadways, and I saw a dozen carts with great wooden wheels, drawn by two yokes of oxen. This would appear picturesquely primitive north of the border, but here it is an unmistakable sign of progress.

But my memory of Temuchina centers chiefly about our wonderful fishing. In the Sinaloa River, a stream as large and important as the San Joaquin in California. It winds picturesquely about the foot of the cliff on which the hacienda and village stand.

DYNAMITE FISH.

Looking down into one shaded pool we could see the dark outlines of scores of fine fish, each from two to three feet in length. The engineers took a stick of dynamite from one of the cargoes, cut it in half, attached two fuses, and threw the ends into the water. There are no fish and game laws in Sinaloa.

Two explosions occurred, almost simultaneously. Twin columns of water rose into the air, and a moment afterward the white bellies of at least fifty fish were visible floating a few feet under the surface. Half a dozen native Indian youths dived from a rock into the pool, and the chase began. The fish were stunned, but not killed, and were soon struggling to swim away.

We shouted encouragement to the divers, casting stones into the pool to locate the fish for them, for they were visible to us from the height, but not to the swimmers on the surface of the water. The sport was fast and furious. What a study for an artist, the lithe bodies of those braves, with their swelling muscles magnified by the reflection of the sun! Their movements were like those of great frogs.

Within a space of five minutes they had captured twenty-five fellows, cats, and a kind of great white fish, unfamiliar to me, weighing from two to nine pounds. The rest of the school had recovered from the shock and escaped. Not a single little fish was killed or caught; for the minnows had evidently fled from the pool when the big ones arrived.

Our moscos built a fire of dry branches under a wide-leaved live oak and toasted the fish on wooden spits over the coals. Our appetites were heightened by a five hours' ride and I do not think I ever enjoyed a more delicious repast. There was enough for us and for all the natives of the village. It was a great fish day in Temuchina.

The stream is fairly alive with fish, but the natives seldom take the trouble to try to catch them. The Indians are good hunters, but know little or nothing about fishing. What an anomaly, the river filled with fish and natives starving on the shore without enterprise enough to gather the food that lies almost under their hand! They say there is so much vegetation in the stream that the fish will not take a bait, and they know nothing about making or casting nets.

PELAGES OF BABOONS.

In many parts of Nigeria, and especially among the hill regions of the northern provinces, baboons are one of the greatest plagues to the farmer, and a source of menace to property and even life. One of the most interesting engaged in business in a mountain village, was informed by the local hunters that the baboons would confine farming owing to the raids of baboons. The natives are so much afraid of the baboons that they continually fear for the safety of their children. A certain explorer has reported that he has seen droves of fifty to 100 of these animals in single file, and that he himself shot two specimens. They are usually seen coming at him from the cliffs. They utter a severe shattering and horrid bark. The hunters run up the cliffs and always have signals out to watch for the approaching pest.

A Carload of Macey Bookcases

Has Just Arrived at
The Los Angeles Desk Company

This announcement should be of interest to many men and women in Los Angeles, as MACEY bookcases are known throughout the reading world and there has been a shortage in bookcases. Not only are MACEY bookcases, furniture of high beauty, but they also prove 1922 efficiency in the way that they operate. The glass doors are made with "positive" easy action, requiring but the gentlest force to move them. They are so perfectly balanced, they glide so smoothly on their bearings that they seem almost frictionless.

Build as You Buy

—and as your library grows—for MACEY bookcases are sectional and may be added to whenever you wish.

—This new carload contains bookcases of all styles, adaptable for the office or the home. Your youngsters will take pride in building libraries of their own if you buy them a section that is known as "theirs."

We Have Secured 1922 Prices

—on this carload of MACEY bookcases—which means they are marked at lower prices than will be possible to obtain for many months. Our good fortune in this transaction will mean economy for you. These bookcases may be had in oak or mahogany.

POLITICS.

THE WATCHMAN.

Trend of Political Thought and Action.

By the Sentry on His Beat.

Quite a military phase is opening in the scramble for the Republican nomination for the State Treasurer's office. Capt. Walter Brinkop of Los Angeles is campaigning actively in an attempt to line up the soldier-vote and Capt. J. T. Milan, city treasurer and tax collector of San Diego, a veteran of the Spanish-American War, has been in the race ever since friend Richardson announced that the Governor's office appeared more attractive to him than his quarters in the Treasurer's wing of the State Capitol.

Capt. Milan served with distinction in Cuba and was wounded at Havana. He has been active in Republican affairs for many years. Capt. Brinkop has employed a Los Angeles advertising agency to aid his political endeavors.

Senator Johnson's troubles are multiplying. His attack on the Arms Limitation Conference and his "run-out" on the Newberry vote in the Senate brought down the censure of national Republican leaders and now it is complained by local Republicans that his efforts to gain a personal advantage from the Federal patronage situation is causing great anxiety and resentment in this neighborhood.

FORECASTS HELP FLYERS.

Checking up prognostications of the department of meteorology and aeronautics in the Chamber of Commerce with actual flights in the upper air levels, weather experts yesterday demonstrated the practical value of these forecasts to the United States Army Aviation Corps.

According to the report submitted, covering one of the recent rainy days, pilots were directed over the Tehachapi Pass at higher elevations than usual in order to avoid air pockets, cascades and falls and they were also instructed to leave at 9 a.m. At this time they would encounter direct winds, but moderate, running a chance of encountering clear regions in the night with accompanying visibility of the surrounding districts, until the city of San Francisco was reached.

Actual flight conditions tallied precisely with the predictions made by chamber officials. Federal authorities will inform of this practical service rendered by the Los Angeles chamber to its army pilots. The chamber is the first and, as far as is known, the only organization to maintain a department of meteorology and aeronautics.

She told a group of Los Angeles women at a luncheon a few days ago that she plans to arouse Democratic strength both for State and national issues. A group of Democratic workers in California are extremely solicitous at this time for the welfare of so-called nonpartisan organizations, such organizations, in many instances, being composed of strong Democratic or weak Republican.

And the Democrats have by no means discarded plans to urge former Senator Philan to run for Governor.

During the coming campaign, serious attention should be paid by the voters to the conditions of the courts and judicial officers, particularly the appellate tribunals. The maintenance of every stable government a sound judiciary is indispensable. By the appellate courts the laws are weighed, construed, and their limits ascertained by the courts of the State and Federal. They furnish the judgment of last resort in all controversies between the citizen and the State, and between citizens in private litigation. That the effort of the voters should be to secure to places on the benches men of highest integrity and legal learning goes without saying. As to those judges who are returned with the current year, bar associations and the people should see to it that they are returned with a minimum of expense and trouble to themselves.

In the Los Angeles district, Judge Victor B. Milburn sits on the Court of Appeal, Division 1, where he has served with distinction for fifteen years, will expire and the will be a candidate to succeed himself. The decisions of the first division of the Court of Appeal in Los Angeles, which Judge Milburn is member, are credited by the bench and bar of the State, as being high in rank as authorities on the law. There is no reason why his personnel should be changed. Judge Shaw's long service on the appellate bench, coupled with his recognized judicial ability and industry, entitles him to re-election without opposition. He is in the prime of life, and in the years to come he will be able to render even greater service to the State than before.

THE WATCHMAN.

ALL-YEAR "AD" COPY IS READY.

Fifteen Magazines to Tell World of Summer Delights in the Southland.

First proofs of the magazine advertisements that will be used by the All-Year Club of Southern California this year in its campaign to tell the world of the special attractiveness of the Southland in the summer were approved yesterday by the club's advertising committee. The advertisements will appear in the March magazines and fifteen advertisements will be inserted in as many magazines, up to and including the June issues.

The magazines which will contain the advertising have an aggregate circulation of more than 5,000,000 copies a month. As they will be followed by the extensive use of newspapers in the Middle West and in the East, with an even larger aggregate circulation, the advertising committee believes that the all-year movement will this year bring to the attention of virtually the whole country the desirability of visiting Southern California this summer.

Sessions are being held almost daily by the advertising committee, headed by C. Peck, general passenger agent here of the United Pacific, as now a member of this committee, having succeeded the late John J. Byrne. The other members are John B. Brown, Don Francisco, G. Harold Powell, Rhymer Weaver and C. C. Milburn, executive secretary of the All-Year Club.

In addition to the preparation of advertising, this committee is engaged on the publication of a booklet on all Southern California. The booklet will be in color, will be profusely illustrated and will give a general impression of the Southland, as well as particular word of each county affiliated in the All-Year movement. It is expected that the booklet will be ready for distribution March 1.

WINE VALUES DROP. The valuation of wine has gone down, according to a complaint filed yesterday before Justice Baird against Charles H. Winters, alias Roger Hamilton. The defendant is accused of selling 50 gallons of wine, valued at \$1,000, from Pellagrine Piaransa. He was arraigned before Justice Baird, who set the hearing for the 19th inst.

Why Have Hair or Dandruff?

Nourishine will restore your hair to original color whether black, brown or blonde. It will stimulate the hair follicles, causing hair to grow. Cleanse the scalp with Nourishine and wash with Nourishine. No more itching, itching, itching for you to have hair, which Nourishine will restore to you.

Nourishine

Positively Not a Dye

Nourishine is a real tonic which feeds and nourishes the hair, restoring it to its original vitality. It is used and endorsed by thousands of men and women. As a dandruff remover alone it is worth many times the price asked. One bottle usually is sufficient. Sold by all dealers at \$1.25 per bottle.

MRS. DANZIGER WINS DIVORCE.

Court Grants Her Custody of Minor Children.

Neither Community Property Nor Alimony in Case.

Oil Man Accused by Wife of Entertaining Women.

Society circles were stirred recently when Mrs. Daisy Canfield Danziger, a daughter of the late Charles A. Canfield, multimillionaire oil man, filed suit for divorce, charging her husband J. M. Danziger, an oil man, with adultery and neglect, with associating with women unknown to her, and with not consulting her in the case which went to trial before Judge Summerhays yesterday.

Mrs. Danziger was granted a decree and custody of her minor children, both 11 years of age, and J. M. Danziger was ordered to pay her \$100 a month. There was a separation in 1927 and another in 1928, Mrs. Danziger testified each followed by a reconciliation. The third separation was final and was the result of a purported gay party at the Canfield house at Del Mar. Mrs. Danziger was in New York at the time, but she said she was informed two hours later by telegram. She spoke to her husband about the matter, she said, and he admitted it. Testimony by the caretaker and his wife was to the effect that men and women attended the party and that Mr. Danziger remained over night at the house. The purported incident at the Canfield house at Del Mar, Mrs. Danziger testified they followed Mr. Danziger to this house and that he was with a woman and that when he returned to Los Angeles she was at the train to see him off.

Mrs. Danziger complained that her husband absented himself from home, and that during those times he publicly associated himself with women, entertaining them in "a lavish and extravagant manner."

Mrs. Danziger was represented by former Senator Frank E. Flint.

OFFICERS ARE NAMED FOR HOME.

Seventy-one Girls Cared for by Crittenton Board During Year Just Ended.

The following officers of the Florence Crittenton Home have been elected. It was announced yesterday: President, Mrs. Henry M. Hurd; first vice-president, T. J. Lacey; second vice-president, W. E. Powers; secretary, Mrs. Wilcox Stoddard; treasurer, H. M. Hurd. The officers will serve as directors, together with George L. Holston, J. T. Ferris, Marco H. Hellman and Miss Ellen Diegelman.

The annual report showed that in 1933 a total of seventy-one girls had been cared for, and that of them, thirty-eight had been brought by parents or relatives. The total number of babies cared for was sixty-six, of whom twenty-five were kept by the mothers, and twenty-one were released for adoption.

The woman's work auxiliary will meet all day Wednesday at the home.

Divorce Suit Recalls Flag Insult Charge

The domestic troubles of Harold C. Sperry began simultaneously with his patriotic troubles in 1918, when, after he is said to have insulted the flag, he was thrown into a bottle-washing rack at a local creamery and thoroughly hoisted by his fellow-employees. For, according to a divorce action instituted yesterday by Mrs. Kathleen E. Sperry, it was at this time that her husband refused to talk to her and in other ways made home life unpleasant.

According to the complaint, Mr. Sperry, who was working at the Crescent Creamery, refused to buy bonds and then denounced the flag. One morning a number of employees joined him with a fire-hose and threw him out of the creamery.

At home he received little sympathy, it seems, and refused to talk to his wife. He also denied her money, according to the complaint. The couple were married June 21, 1917, and separated last April. Attorney Earl S. Wakeman represents Mrs. Sperry.

Plan to Plant More Trees in State Forest.

Preparations are being made to receive and plant additional trees from States and Territories of the United States in the Forest of States at Exposition Park, according to announcement made yesterday at the Chamber of Commerce. The first trees were planted last year, and on Armistice Day the grove was dedicated by the American Legion as a war memorial. To round out the full quota of States at Exposition Park, according to the Chamber of Commerce, has written letters to the governors of each State not yet represented in the Los Angeles grove, reminding them that this is an auspicious time during the rains to plant their State trees. Those yet to be represented in the Forest of States are: Iowa, New Mexico, New Jersey, Texas, Virginia, Wyoming, Georgia, Mississippi, Louisiana, Florida, New Hampshire, North Carolina, South Carolina, Arkansas, Washington, Oklahoma, California, the Philippines, Porto Rico and Washington, D. C.
